

Eloise, Eloise, Eloise

After the day is over - and when it's time for bed
So many things are spinning - round my head
Nanny might read me a story - sing me a lullaby
Sleep tight and don't you worry - Eloise, Eloise, Eloise

What will I do in the morning - something that's never been done
Something I hope that surprises - everyone
What will I order for breakfast - maybe I'll order a treat
Whatever takes my fancy - Eloise, Eloise, Eloise

Deep in the night – monsters appear
Lions and tigers - chew on my ears
Drag me away - into a cave
That's absolutely black

And soon as the day awakens - before I get out of bed
So many things are spinning - round my head
And as I lie in the stillness - I hear the wind in the trees
And I can hear it calling - Eloise, Eloise, Eloise

Eloise, Eloise, Eloise
Eloise, Eloise, Eloise
