

I Just Love Nanny

Nanny's English as a rose
As her voice
As her clothes
And I love her – and she knows
And with every passing day it grows

I just love Nanny - I absolutely do (I absolutely do)
And if you knew her then you would love her too (you would love her too)
Everything she says she says three times through
It's absolutely absolutely absolutely true
I love Nanny
I absolutely do

Nanny's English she's a nurse
Keeps her hairpins in her purse
And the tissue paper in her dress
Makes a rustling sound but she couldn't care less

I just love Nanny - I absolutely do (I absolutely do)
And if you knew Nanny you would love her too (you would love her too)
Everything she says she says three times through
It's absolutely absolutely absolutely true
I love Nanny
I absolutely do

Nanny's English as the Queen
Absolutely never mean
And she loves me and it shows
And for Lords sake everybody knows

I just love Nanny - I absolutely do (absolutely do)
And if you knew Nanny you would love her too (you would love her too)
Everything she says she says three time through
It's absolutely absolutely absolutely true
I love Nanny
I absolutely do

I absolutely do
I absolutely do
